When Carlotta

Last

Dramatically

Left!

Larky acquired his name.

Carlotta acquired Cliff, heretofore given
to posing with his chin.

Susannah came aboard the recently-christened
Larky…and the appropriate gods of happiness
and misery did their things.

Not enough for the gang, who iced out Carlotta
and Cliff! Like, forever!

We make such choices for sanity, no?

Thus let such people exist in their own stories only!

Came the Great Flood and two other couples
thrown in with Larky and Susannah for the

sodden weekend of weather warnings and scary make-do!

Well...anyway, a New Legend! Yes! They wake up laughing!

(Can you possibly see a vague choice for yourself here?

At any rate, move on, yes?)
